

LAND SALE

The undersigned, as executor of Miss Nannie Ballard, deceased, will, pursuant to the direction of her last will and testament, on

June 18-10 a. m.

on the premises, sel to the highest and best bidder, her farm located at Caleast, five miles from Richmond on the Richmond and Lancaster pike, and nine miles from Berea.

Farm consists of 162 Acres

and is sold subject to survey. It is in the best section of Madison county and is all Blue Grass land. It is improved by a dwelling and combination stock and tobacco barn. Said farm is rented for the year 1919, and 20 acres are in corn and tobacco and 42 acres in wheat and the balance in blue grass and clover. The wheat land is sown in timothy and clover.

Possession of said premises will be given January 1, but the purchaser will be granted the right to enter upon said premises at any time after the sale for the purpose of making any improvements he may desire upon said property, and also in the fall for the purpose of sowing small grain after corn and tobacco have been cut.

The terms of the sale will be to suit the purchaser, either all in cash or liberal credits, same to be announced on the day of the sale, but any purchaser will be required to give bond with good security, to perform the contract of purchase on the day of sale.

H. S. Morgan

Executor of Nannie M. Ballard

Mule Drags Boy To Death
Goebel Brickey, 18-year-old son of Mr. and V. F. Brickey, lost his life in a most tragic manner last Monday afternoon, at his home near Buena Vista, when he was thrown from a mule while returning from his days work on the farm of his father. No one saw the accident, but from the condition of his body when found it was thought that when thrown his feet became caught in the traces and he was dragged to his instant death. His skull was crushed from the fall or by the kick of the frightened animal. The tragedy caused great sorrow in the community where the young man lived, and was so well liked and popular. Funeral services were conducted from the Mt. Olivet church Tuesday afternoon.

Garrard Soldier Suicide
The Lancaster Record says that John Gay, son of Mr. Sherman Gay, died at his home on the Buckeye road, Monday morning

The Many Mysteries of Nature

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiar strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rubber seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening drains, bearing-down pains, periodical irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pkg. Tablets.

Public Sale Nice House

As agents for the heirs of the late G. W. Ballew, we will sell at public auction on **Sat., June 14** beginning at 2 o'clock p. m., his house and lot on Lancaster avenue in the city of Richmond, Ky., known as the Judge Lilly place. This is a handsome home and is ideally located; it has all modern improvements, a splendid garden, and is an attractive home in every way. Possession can be given immediately.

At the same time and place we will sell at lot of household and kitchen furniture, rugs, carpets, chairs, a good range, ice box, and other furniture all in good shape; a good Ford sedan car.

We will also sell a splendid Jersey cow and calf and other things too numerous to mention.

Joe F. Ballew and B. J. Broadus,
Col. John Shearer, Auct. Agents for the Heirs

GET YOURS WHILE THE GETTING IS GOOD

The Oleum Refining Company, organized with only \$120,000 stock sold and in successful operation at Pryse, Kentucky for five months, suddenly meets with the misfortune of an explosion in its stills, which badly wrecked a large part of the refinery and put it out of commission. During the past months heroic efforts have been made to replace these stills in the shortest possible time. The work is progressing rapidly and is expected to be completed in about forty days, at which time the refinery will be able to resume business. The stills are being constructed THIS TIME of concrete, steel and brick, thereby safeguarding against further disaster; and the plant is now fully covered by insurance.

Now, up to this time, not one share of this stock has ever been offered to the public or advertised for sale. It has been about as exclusive and high class a proposition as you will find anywhere in the U. S. A. The capitalization was not too large, and the par value was enough to vouch for the kind of company one might expect to meet in the personnel of the Oleum Refining Company.

However, with the unforeseen expense of rebuilding and the loss of five months of golden time, the company wishes to sell 20,000 shares of its stock at \$6.00 per share; being \$1.00 above par; thereby raising the necessary sum of \$120,000.

NO DRY HOLES IN THE REFINING BUSINESS

AND NO WATERED STOCK

If operations had not been stopped by this accident, the company could have paid 2 to 3 1-2 per cent monthly on 500 barrel capacity; now the capacity is 1,000 barrels daily. Question: Do you suppose 48 to 60 per cent yearly is a chance or investment? We don't get behind the stump to tell you anything. Plant is open to all inspections. Look and investigate. Our books show \$25,005.56 profits for 5 months.

	Par Value	Now Selling
Midwest Refining Company	\$ 50.00	\$ 187.00
Atlantic Refinery	100.00	1,370.00
Solar Refining Company	100.00	380.00
Standard Oil of N. J.	100.00	745.00
Standard Oil of Ky.	100.00	440.00

Now our par value is \$5.00, and the stock is now selling at \$6.00 and it is cheap at that. The word is, get a few more shares while getting is good. Like all refineries we have miles of pipe line pump stations and all necessary equipment. Contracts to buy all oil and contracts to sell all products.

If you pay \$2.60 per barrel and sell gasoline at 18 cents per gallon 42 gallons to the barrel, can you figure any profit? And not say anything of coal oil, naphtha, and all by-products.

The remainder of the 20,000 shares will be disposed of at once, the sale of which will help to pay expenses in completion of plant. In forty days or less time you will have a stock that your friend can't buy. Why? No dry holes in the refining business!
